WORK EXPERIENCE

Quality Assurance Tester & Front-End Web Developer Intern

Teratomo Corporation, Software Engineering Department | Fairview Quezon City | Feb 2026-May 2026

- Executed manual software testing by documenting 24+ bugs and verifying features per week to ensure 100% compliance with requirements prior to deployment.
- Developed and optimized 2 website front-end components using Vue.js and CSS, ensuring responsive interfaces with accurate information.
- Managed 24+ bug-tracking tickets across 4 different systems to ensure accurate status reporting, resolving 90% of critical issues within a week.
- Assisted with office communications and generated 13 weekly reports, optimizing coordination and documentation workflows for a team of 12 employees.

Student Assistant

RSU-International Relations Office, Admin Building | Liwanag, Odiongan, Romblon | Aug 2025-Dec 2025

- Created and updated 5+ digital assets for the Sustainable Development Goals (SDG) website, improving visual consistency and boosting monthly page views by 20%.
- Maintained detailed documentation for 5 major office events with up to 50+ attendees, guaranteeing accurate record-keeping and improving the accessibility of event data.
- Provided administrative support through the creation of 2+ reports per month, internal, and external communications, enhancing daily operational workflows by 20% for a team of 10 employees.

Student Assistant

RSU-Knowledge Management and Technology Transfer Office | Liwanag, Odiongan, Romblon | Jan 2025-Jul 2025

- Designed and developed 8 web sections using Google Sites with HTML and CSS to significantly boost the office's online visibility.
- Created and organized 20+ physical and digital documents to improve the consistency and reliability of office records.
- Facilitated report preparation, and internal communications to support efficient daily operations for a team of 15 employees.

Content Associate

RSU-CCMADISO Office | Liwanag, Odiongan, Romblon | Aug 2024-Jul 2025

- Authored 18+ pieces of digital content and maintained online platforms to maximize overall engagement, growing the digital audience by 25%.
- Managed digital communications and technical materials to support the timely dissemination of essential organizational updates to 1,000+ students and faculty.
- Coordinated 10+ organizational projects and events, driving efficient execution and smooth team workflows across a cross-functional team of 20+ peers.

PROJECTS

- **J-STANDARD Landing Page:** Conceptualized and developed a responsive Vue.js landing page, contributing to the majority of front-end implementation.
- **Confidential Landing Page:** Collaborated in drafting and developing a Vue.js landing page, enhancing layout consistency, animations, and asset optimization to improve visual clarity and user experience.
- **SDSO-Track:** Lead the design and development of a comprehensive web-based tracking system used for registering 200+ student off-campus activities per semester.
- **SUSTAINABILITY @RSU:** Developed and updated digital content for the SDG website to elevate the visual standard and clarity of published materials, maintaining 100% accessibility compliance.
- **KMTTO Landing Page:** Collaborated on the design and functional implementation of a web landing page aimed at increasing office visibility by 20%.
- **Roll-A-Ball Game:** Developed a mini-game utilizing Unity and C# as a core component of a game development training initiative, achieving smooth 60 FPS performance.
